JEWEL ROBBER SENT TO PRISON

William Moore, Colored, Found
Guilty by Jury of Burglarizing
Poe's Jewelry Store

GIVEN TEN TO TWENTY YEARS

Circuit Court Jury Reports at 11:15
This Morning After Taking
Only One Ballot

NO DEFENSE MADE FOR MOORE

Defendant Did Not Take Witness
Stand and Attorney Made no
Argument in His Behalf

William Moore, colored, whose age
is a little over 30, was found guilty
this morning in the circuit court of
burglarizing the Wm. B. Poe and Son
jewelry store here, and was sentenced
by Judge Sparks to the state
prison for not less than 10, nor more
than 20 years.

The jury which heard the case re-
quired only one ballot to find him
guilty, and they reported at 11:15,
after the state had finished with one
argument, and the defense rested
without arguing the case.

After the jury reported that they
had found him guilty, Judge Sparks
immediately passed the sentence on
him, and commitment papers were
being made out today for him to be-
gin at once to serve the sentence.

The evidence was quickly intro-
duced this morning and when the
state finished at 10:30, the defense
replied that they would not intro-
duce any witnesses. A jury was soon
obtained after court opened and no
delay was had in getting the case
under way.

The defense was represented by
Attorney Metsker of Cambridge City
and the state was represented by Al-
bert Stevens, prosecuting attorney.

The jury which was selected to
try the case was composed of Joel
Carson, L. B. Miller, Alvan Moor,
Will Inlow, Ollie Offutt, A. L. Can-
ady, Job Stevens, Jess Logan, Ben
F. Reeve, Oliver Megee, Jake Rick-
etts and Ed Walker.

Jesse Poe, one of the owners of
the jewelry store which was entered
here on the morning of June 2, when
the large plate glass window was
broken, told the jury that he recov-
ered two wrist watches and eight
rings in Indianapolis, through the
efforts of the police of that city.

He stated that the colored man,
who was held on suspicion refused
to admit the theft to the police,
and when standing in front of the
police station in Indianapolis, he
remarked to Mr. Poe that "Yes, Sah,
I got only two watches, and if there
were three taken, someone else must
have got it."

Harry Sachs, a clerk in the Sachs
Brothers Loan office, 316 Indiana
Avenue, Indianapolis testified that

state department were being used,
that all records are in balance, that
all forms and records are properly

ments amounted to \$1,465,902.30,
which left a balance at the end of
the year of \$105,783.03. Overdrafts

SEES WETS MAKING FIGHT OF THEIR LIVES

Bishop Thomas Nicholson, President
of Anti-Saloon League of
America, is Quoted

BUSINESS FOR PROHIBITION

Indianapolis, Ind., June 21.—"The
wets are making the fight of their
lives at the present times," declared
Thomas Nicholson of Chicago presi-
dent of the Anti-saloon League of
America upon his arrival here today
for the convention of all Methodist
Episcopal ministers in the United
States.

"A great deal of pernicious propa-
ganda is going on but the prohibi-
tion cause is stronger today in
this country than ever before."

The league is conducting a survey
of prohibition conditions, city by
city and section by section. "More
than 98 percent of 1,000 business
men have reaffirmed their standpat
position for prohibition," Bishop
Nicholson said. "The problem is to
get the facts before the people,
facts that speak for themselves."

Many important questions will be
discussed by the bishops.

COUNCIL VOTES TO OPEN WILLOW

Acts Favorably on Petition of Dr.
P. H. Chadwick to Continue
Street Through to Tenth

GARBAGE CONTRACT TO EXPIRE

Supt. A. T. Mahin of Water and
Light Plant Reports Large
Supply of Coal in The Bins

The city council held a brief ses-
sion Tuesday night, when only the
routine of business was transacted
as Mayor Walter Thomas is taking
his vacation at the lakes, and no
new business was scheduled to come
before the councilmen.

O. C. Brann, councilman, acted as
chairman for the meeting during the
absence of Mayor Thomas. A peti-
tion was acted upon favorably as
presented by Dr. P. H. Chadwick of
North Willow street, who asked that
the street be opened north from the
Pennsylvania railroad to Tenth
street.

The street committee was given
authority to investigate the proposed
improvement and report at the next
meeting, together with the matter of
procedure.

Willow street comes to a dead end
at the place where the railroad
crosses it, between Ninth and Tenth
street, and also in front of the re-
sidence of Dr. Chadwick. The peti-
tioner on several occasions has pre-
sented a similar request only to
have the council become involved in
trouble over the matter of crossing
the vacant land to the north. Dr.
Chadwick stated last night that he
had since purchased the lot, and
that there would be no one to re-
monstrate against the improvement
being made.

The collection of garbage by the
city, which is awarded on a contract
will expire July 24, and the council
decided to advertise for bids, chang-
ing the wording of the contract to
read for a year or more, instead of
one year. Rex Innis is now the gar-
bage collector, having been the suc-
cessful bidder last year.

A. T. Mahin, superintendent of
the water and light plant, stated that
in view of the threatening railroad
strike, that the city had a good sup-
ply of coal on hands, and that the
bins now contained enough fuel to
last between 75 and 80 days, and
that there were several cars yet to
arrive before the strike is scheduled
to take place.

The board of health will be re-
quested by the council to rigidly en-
force an ordinance passed a few
years ago regarding venereal dis-
eases. Considerable complaint has
been registered about a family of
several people residing in one house,
all of whom are said to be suffering
from syphilis and endangering the
health of the community.

FIGHT CARRIED TO FLOOR OF THE SENATE

Lafollette Says He Will Introduce
Amendment to Curb Power of
Supreme Court.

ASSUMES LEGISLATIVE POWER

Washington, June 21.—A fight
against the supreme court of the
United States was carried to the
floor of senate today when Senator
Lafollette of Wisconsin reiterated
his attack on that body and an-
nounced his intention of introducing
an amendment to the constitution
which would curb its present pow-
ers.

The supreme court has assumed
legislative power over congress and
violated its judicial privileges, La-
follette declared in his speech.

"I will shortly present an amend-
ment to the constitution of the Uni-
ted States demanding that congress
protect the people against the action
of the supreme court."

"Three present justices have stat-
ed in their decision that they were
violating the constitution of the
United States in assuming legislative
power."

charged with embezzling \$1,250.

The Pinkerton agency said Ste-

because Stewart wouldn't marry her.

HACKED TO DEATH BY GIRL'S FATHER

Thomas Meighan Killed For Alleged
Attack on Sabalino Szardonano's
Young Daughter

MURDERER GIVES HIMSELF UP

(By United Press)

New York, June 21—Trapped in a cellar by Sabalino Szardonano, whose seven-year-old daughter Lillian, he was accused of attacking, Thomas Meighan, 62, was hacked to death by the furious father.

Meighan put up a terrific battle for his life but was horribly mutilated by Szardonano, who confessed, saying simply, "it was my duty." I had to defend my family's name."

The little girl was criminally assaulted two weeks ago. She refused to tell her assailant's name and Meighan, a janitor, was not suspected.

Szardonano walked into the police headquarters today and gave himself up, saying he had killed Meighan with a hatchet and that the body would be found in the cellar. He declared he had gone to the cellar after neighbors had told him the janitor had been seen taking Lillian there.

COUNCIL VOTES TO OPEN WILLOW

Continued from Page One

On account of the seriousness of the stage of disease which these people have, the council will request that the health board place a quarantine on the house, and compel all members to remain inside and keep visitors away.

It was stated at the meeting that there are frequent visitors at the house, and that the members are permitted to roam at large on the streets, and that many innocent people may become afflicted unless proper precautions are used.

If a quarantine fails to work, the health officer may be compelled to place them under a guard and in a locked house.

PLANS FOR SUMMER OUTING FINISHED

Knox County Horticultural Society
to Entertain State Society For
Summer Meeting Aug. 8-10

COUNTY TOUR IS A FEATURE

Entire Two Days Will be Devoted to
Sight Seeing With Short Talks
At the Noon Hour

Arrangements for the summer outing of the Indiana Horticultural Society are being rapidly completed.

At the invitation of the Knox County Horticultural Society the state society will hold its summer meeting at Vincennes, August 8-9-10. A feature of this meeting will be a tour of the county visiting the principal orchard and melon sections and places of historic interest. It is planned to start this trip early the morning of the ninth and in order that there may be no delay members will be expected to reach Vincennes the evening before.

The entire two days will be devoted to sight seeing, with short talks at the noon hour. Luncheon will be served at a convention point on the trip each day. On the evening of the ninth the meeting will again be held in Vincennes.

Leaders in horticultural science will be on the program and the meeting will attract many from Kentucky, Illinois and other states.

Knox County has been making rapid strides in its horticultural development in recent years and there are many fine young orchards of apple and peach to be seen which have had scientific care and the county's bearing orchards have made a nation wide reputation for production and quality. Melons, tomatoes and sweet potatoes are also grown largely there and visitors will find many surprises awaiting them.

The city of Vincennes, the oldest settlement in the interior of the continent, has many points of historic interest which will be visited.

JEWEL ROBBER SENT TO PRISON

Continued from Page One

Moore entered the pawn office about 9 o'clock in the morning on June 2, and offered to sell them two wrist watches and agreed to take \$10.00 for them.

He stated that he made out the record and that Moore refused to accept pawn tickets, and that he gave his name as T. Buck, and his residence as Chicago.

As he was leaving the pawn shop, two members of the Indianapolis police department halted him, and placed him under arrest on suspicion, as he answered the description of a colored man who was wanted at Hoopeson, Ill.

This was on Friday and after he had been held in jail until Tuesday the local police learned that such a man was in jail there and he was arrested and brought here.

Jesse McMurphy and Henry McGlen, the two police officers who arrested him, were here and testified. They stated that Moore told them that he had just arrived from Chicago, and that the watches had been given to him in that city.

It is understood that the pawn brokers offices in Indianapolis had been old to notify the police in case of the appearance of anyone answering the description of the colored man wanted by the Illinois city.

William Denny, night policeman for the merchants, told the jury of the happenings on the morning that the robbery took place here, and stated that the colored man closely resembled the one he had seen, but because of the darkness, the officer could not positively identify him.

He stated that there was a freight train passing through here at the time, and that it was enroute to Indianapolis. Other witnesses were Sheriff Hunt and Patrolman Lakin, who were present when Moore appeared before the grand jury.

The prisoner appeared in the court room dressed in overalls, and all of the witnesses asserted that his clothing resembled the kind worn by the man as described by the night policeman. He was handcuffed as he sat in the court room hearing his case.

After the state finished, the attorney for Moore stated that they did not have any witnesses and the defendant did not take the stand. The arguments began and were completed at noon.

It's the ground work that counts

YOU know that the best kind of weather can't produce a good crop unless it's planted right and worked right.

The nation-wide success of Miller Tires is due to the basic policy back of the building of these tires. Ten years ago we made up our minds to build the best tire that could be built. We have never changed this policy. We continually test Miller Tires and make them prove that they will give more dollar for dollar tire value before they are sold to you.

That is why the Miller Rubber Company has grown from thirty-second place to a leader in the industry. That is why motorists prefer to buy Miller Tires—they know they will get the most mileage at the lowest cost.

Two Couples Figure In Romance That Would Make Good Scenario For Movie

Two College Girls at Western, Oxford, O., Were Married Under Several Handicaps in February to Students at Indiana and Purdue, and Marriage Leaked Out at Commencement Exercises. One Wife Acted as Fiancee in Obtaining License For Her Friend, Who Was Enroute to Get Married.

Columbus, Ind., June 21.—A story of romance that succeeded in overcoming apparently insurmountable obstacles was unfolded here today with the announcement of the marriage, on February 11, of Miss Anita Williams, prominent social butterfly and college girl, to Joseph Springer, son of a wealthy family and a sophomore at Indiana university.

The tale of how this couple planned their marriage, accomplished it, and kept it a secret for more than four months is one that would put the best efforts of a scenario writer and authors to shame. At the time of their marriage, Springer was a student at Indiana university and his fiancée was a senior at Western College for Women, at Oxford, O.

Having met in high school, when Miss Williams was a senior and her future husband a junior, the friendship waxed to love. Last winter, Springer proposed. Miss Williams said "yes." He didn't have enough money left from his allowance to buy an engagement ring, and so he sold a high powered automobile.

Along about February 7, Springer decided that he would like to be married without further delay. He wrote his fiancée a letter. She talked it over with her room-mate, Isabella Wiley, of Seymour, Ind., who was engaged to Jay Greer, then a student at Purdue university. It was decided that on February 11 the two girls would meet the two boys in

Indianapolis for a double wedding. Miss Wiley departed for Indianapolis without Miss Williams, who was forced to attend a class that could not be "cut"—even for her own wedding. They had no knowledge of the marriage laws.

Springer believed he could talk the Marion county clerk into issuing a license without his bride being present. The clerk refused. Greer and Miss Wiley, however, obtained their license and were wed.

Springer was desperate. His fiancée was on a railway train speeding toward Indianapolis, but would arrive too late to obtain the necessary papers. He put through a long distance call to Danville, Ind., in Hendricks county. The county clerk said that he would hold his office open until 6 p. m., "but not one minute longer."

Miss Williams couldn't get to Danville on time. Greer was left behind, while Springer and the new Mrs. Greer grabbed the next train and obtained the license at Danville just as the clerk was closing his office. She posed as Springer's fiancée and answered all questions.

Meanwhile, Miss Williams was met at the Indianapolis station by Greer. They were to buy the Williams-Springer wedding ring, but they were broke. Springer had forgotten to leave the money behind in his rush for the train.

An expensive wrist watch was slipped from Miss Williams' arm and "soaked" in a pawn shop. The wedding ring was purchased. Miss Williams rushed to Danville where the wedding ceremony was performed. Enroute, she passed Mrs. Greer returning here to rejoin her husband.

After a honeymoon over Sunday, spent in Indianapolis, the couples parted and went back to school. The boys lacked money for week-end trips to Oxford. The girls, too, were "broke."

At the Oxford commencement, Springer saw his wife receive a diploma and the secret was divulged to her parents. The couple then went to Elizabethtown to visit Springer's parents and tell them of the marriage. But their nerve failed, and they left that night for Indianapolis. Each wrote a letter back to Elizabethtown, and thus the romance ended.

WORK OLD BABYCHICK GAME

Eastern Confidence Men Obtain \$30,000 From Lafayette Victims.

Lafayette, Ind., June 21 —An eastern hatchery set on a golden egg in western Indiana and hatched \$30,000 in working the old baby chick game on farmers and poultry raisers, postal agents revealed today.

The victims are waiting while the agents try to find the proprietors of the King Hatchery Company, 1400 East Twelfth street, Cleveland.

Advertisements flooded this part of the state, guaranteeing safe delivery of 97 percent of the order and asking cash with all orders, specifying that they must be received before April 18. The orders were sent and so was the cash. No chicks were received.

500 PERSONS MAROONED

Flood Waters Of Rio Grande Sweep Towards Gulf

Laredo, Texas, June 21 —Flood waters in the Rio Grande swept toward larger towns near the gulf today after marooning 500 persons and doing \$500,000 damage in the upper valley.

Army aviators dropped bags of food to farmers and ranchmen marooned in the vast reaches of Hidalgo, Cameron and other counties.

More extensive damage from the floods is feared in the lower valley which contains great truck and semi-tropical fruit farms.

Nature's Wonderful Power.

Beside the moist clouds the slender flags arise filled with the sweetness of the earth. Out of the darkness under—that darkness which knows no day save when the plowshare opens its chinks—they have come to the light. . . . Yonder a steam-plow pants up the hill, groaning with its own strength, yet all that strength and might of wheels, and piston, and chains, cannot drag from the earth one single blade like these. Force cannot make it; it must grow—an easy word to speak or write, in fact full of potency.—Richard Jefferies, in "Out of Doors."

GLAND OPERATION RESTORED YOUTH

Convict, Age 75, in San Quentin Prison, Who Underwent Gland Transplanting, is Now Healthy

USED TO BE FEEBLE AND SICK

By M. D. TRACY

San Quentin Penitentiary, Cal. June 21.—If gland transplanting operations will do for a millionaire what they believe done for a convict, then Harrold F. McCormick, wealthy, Chicagoan reported to have undergone such an operation, may have long life and youthful vigor ahead of him for years to come.

"Mr. X" aged 75, serving life sentence in penitentiary here for murder ran down two flights of stairs, approached with the vigorous, quick step of youth and told today the story of what implanting of glands from the body of a man who was hanged for murder, had done for him.

Dr. L. L. Stanley, prison surgeon, who since 1918 performed gland operations on prisoners here, confirmed the statements of Mr. X, whose name for ethical reasons, must not be given to the public.

"Before I underwent the operation about three years ago," said Mr. X in a clear, unbroken voice, "I was sick and in the hospital frequently. But now I am enjoying life. I would almost say that what this operation has done for me was worth my term in prison."

"I always run up and down stairs". And he always goes two steps at a time, commented Dr. Stanley.

"I like sports and amusements, just like a boy of 21. I have no more pains or aches. Even rheumatism has left me. I want to get out and enjoy myself."

"The value of the glands I received cannot be computed in dollars and cents."

Gland Operations Common

Chicago, June 21 -- Purchase of human glands on a large scale, such as never realized by the general public for the rejuvenation of ageing men, was revealed here today by medical authorities.

Surgeons in many large cities have

been experimenting with transfer of glands, purchased by wealthy men from young and vigorous men who needed funds.

The operation on Harrold F. McCormick, by which the life giving glands of a young man were reported to have been grafted on the 51-year-old millionaire, has merely served to attract attention of the public to these operations which have been no secret to the medical profession for several years, one surgeon stated.

This surgeon admitted that he had conducted frequent experiments on operations in transferring purchased glands from the body of one man to another.

McCormick's steady improvement was reported today and it is believed he was about ready to leave the Wesley Memorial hospital where he has been confined for ten days.

Mathilde and Muriel McCormick spent a great deal of time with him last night and today.

Street Improvement

The city council acted favorably Tuesday night on the petition of Dr. P. H. Chadwick to open up Willow street to Tenth street and thus do away with a "dead end" at the point where the Pennsylvania railroad crosses Willow, which is directly in front of the Chadwick home. Willow is the first street east of Perkins street, and beginning at Sixth street, runs north to the Pennsylvania, skips almost two blocks and then goes through the Stewart and Tompkins addition to Rushville.

Several attempts to open up Willow street have failed, but Dr. Chadwick feels certain of success now because he owns the lot through

which the street will pass if extended to Tenth street. In the past property owners have remonstrated and prevented the extension of the street.

The council left the matter of extension to a committee which will report on the project. The committee would do well to bring in a report recommending an extension to Eleventh street and thus make Willow street extend from Sixth street to the north corporation line. The extension of the street to Tenth will be of great advantage, but it would be of much greater service if it were built all the way through which would make unnecessary the doubling back that it required to go from

Tenth to Eleventh streets, east of Perkins.

The present city council has shown a disposition to pay some attention to the streets, and if councilmen wish to continue their program, they could do nothing better than extend Willow street on through to Eleventh.

The tearing up and leveling of unimproved streets in Rushville, which has been followed up with oiling, has been a great improvement and something for which the council has been congratulated on many occasions. Here's another opportunity to keep up the good work.

TENNIS CHAMPION WILL SAY NOTHING

Mrs. Molla Mallory U. S. Champion Has Relapsed Into Fighter's Silence On Eve Of Battle

IN LONDON FOR MATCH

By CHARLES M. MCCANN
(U. P. Staff Correspondent)

London, June 21.—With a wait and see attitude, Mrs. Molla Mallory, the American tennis champion, has relapsed into a fighter's grim silence on the eve of a battle.

Although all London is talking about the prospects of a Lenglen-Mallory duel in the British championships next week, Mrs. Mallory is saying nothing to give the gossips food for talk because she has been instructed to keep silence.

"I have received instructions from America to smile sweetly and say nothing," Mrs. Mallory told the United Press today. "I can't smile sweetly but I can refrain from talking."

The American woman refused to affirm or deny that the instructions came from the United States Lawn Tennis Association but this is thought unlikely as she made the trip over "on her own record" and is not officially the representative of the United States association. She only laughed when asked if her husband had ordered her to do her fighting on the courts.

The Score Board

Yesterday's hero — Sam Rice, stretched a single into a double in the thirteenth inning, starting a rally that gave the Senators three runs and a 9 to 6 victory over the White Sox.

George Burns hit two homers over the fence but they weren't enough for the Red Sox and the Tygers won their eighth consecutive game 9 to 8.

With Babe Ruth out of their line up, the Yanks came out of the slump and won their first victory in nine games, beating the Indians, 6 to 5.

Kenneth Williams hit his 18th homer after Sisler had tripled, and helped the Browns win from the Athletics, 7 to 3.

Hanser hit one for the A's. Singles by Caveney, Pinelli and Daubert and a sacrifice fly by Burns gave the Reds a pair of runs in the fifth and a 2 to 0 victory over the Braves. Cough let Boston down with two hits.

DENIES HE INTENDED TO ATTACK THE UMPIRE

Babe Ruth Says He Had No Idea Of Striking Dineen, But It Has Earmarks Of Encounter

INCIDENT IN MONDAY'S GAME

Cleveland, Ohio, June 21.—Babe Ruth today denied that he intended to attack Umpire Dineen yesterday at Dand field as a result of his suspension following his run-in with the umpire during Monday's game.

"I wasn't going to hit him," Ruth said today. "There was no danger of a fight at all. We were just talking it over."

When asked why manager Speaker and Staffy McInnis and other members of the Cleveland team intervened, Ruth said:

"We were talking loud, I guess. There seemed to be a misunderstanding regarding Monday's incident and both of us were trying to get it straightened out."

The affair yesterday had every earmark of a physical encounter.

BABE DEFENDS SELF LIKE PRIMITIVE MAN

Aroused By Notion That Everyone Is Against Him, Home Run King Is Following False Gods.

WILL SWING AT ANYTHING

By HENRY L. FARRELL
New York, June 21.—Tottering on his throne, Babe Ruth, once the great home run king, is defending himself in the primitive ways of a cave man.

His wrath aroused apparently by the notion that everyone is against him, the Babe is following the inclination to wipe out those who stand between him and his former glory.

Knowing that the five weeks suspension imposed by Commissioner Landis at the start of the season would prevent him from breaking his 1921 record, Ruth had only the solace of being the home run king of the year. With Kenneth Williams the Brown star, making it almost impossible for him to do that, he became frantic.

American League pitchers have been making a "sucker" out of him, not so much that they have found his weakness, but because he was swinging at anything in the mad desire to kill the ball. The more he missed bad balls the more he swung at them.

New York is off the sweat king now and the Impression here that he is through.

Mrs. Herbert Flint was hostess to the members of the Ladies Aid Society of the St. Paul's M. E. church Tuesday afternoon at her home in North Harrison street. An interesting program was provided for the afternoon and a short business meeting was held. Light refreshments were served during the social hour by the hostess, assisted by Mrs. L. B. Miller, Mrs. Sallie Craig and Mrs. Laura Nebro.

White and yellow, the colors chosen by the bride for her wedding, were used in the decorations. Artistic place cards designed in the color scheme contained rhymes forecasting the bride's future. Following the delicious three course dinner, music and dancing furnished the amusement for the remainder of the evening. The gift from the bridesmaids was a silver casserole. Miss Maze, who is well known here, has been the guest of honor at several pre-nuptial parties during the month.

Runaway Flapper Marriages Black-Listed By Club Women

Drive for Reform of Divorce and Marriage Laws Started at Convention of the Federation of Women's Clubs Opening at Chautauqua, N. Y.

By CARL VICTOR LITTLE

Chautauqua, N. Y.—June 21—Runaway flapper marriages are marked for death by representatives of two million American women assembled here at the convention of the Federation of Women's Clubs.

Launching a drive for reform of divorce and marriage laws the convention leaders advocate:

1—Repeal of all state marriage and divorce statutes.

2—Passage of a federal law, general in its application.

This movement was started after futile efforts to induce various states to pass uniform laws were made.

Mrs. Genevieve Parkhurst, writer on women's subjects, is here representing supporters of the movement.

The proposed law which will be presented to congress for action contains the following provisions:

No girl under 18 or boy under 21 can marry without their parents' consent or that of their guardian.

Bans announcing the intended

marriage must be published two weeks before the ceremony.

Physicians' certificates as to the mental and physical fitness of both parties to the marriage must be shown when the license is issued.

Divorcees are to be allowed for physical or mental cruelty, desertion for a period of one year or more, proved infidelity and habitual drunkenness.

Divorce cases could be heard behind closed doors and the testimony never made public.

The mother would always be given the custody of the children unless proved unfit to take care of them.

"No two states have the same marriage and divorce laws," says Mrs. Parkhurst. "Some states do not even forbid the marriage of deficients. People who are married in one state are not legally united in another. The proportion of divorcees is greater in America than any other nation in the world."

Various departments of the federation, such as Americanism, community service, child welfare and education, met this morning.

The convention will be formally opened tonight with an address by Mrs. Thomas Winter, Minneapolis.

Fifteen hundred delegates, representing 50,000 clubs in the country are in attendance.

TWO WOMEN SOUGHT IN THE WARD MYSTERY

Frequenters of New York Apartment May Be Able To Throw Light On Blackmail Case

GRAND JURY BEGINS PROBE

New York, June 21.—Search for a red haired woman and a black-haired woman, said to have been frequenters of a mysterious apartment maintained by Walter S. Ward in New York last summer, was started by police today as the grand jury met in White Plains to dig deeper into the strange Ward blackmailing case.

The hunt for the woman was launched after a private detective had obtained alleged evidence that Ward rented an apartment in uptown Manhattan last July and went away to the country last July and that, according to statements of house employees, he had an almost continuous stream of women visitors the red and black haired women were the most conspicuous.

Police are working on the theory that the blackmail gang which Ward said bled him of \$75,000 got its clutches on him during the three months that he maintained this apartment.

The grand jury at White Plains today will also look into the charges that the Ward family has been holding back evidence which would tend to throw light on the blackmail facts.

Reunited After Living Near Each Other In Kokomo

Mrs. Frank Redmond, Mother, Often Thought Mrs. Blanch Lewis Resembled First Husband's Family, But Never Realized She Was Her Daughter.

(By United Press)

Kokomo, Ind., June 21.—A mother and a daughter, separated for thirteen years, were reunited Tuesday after living a few blocks apart in Kokomo and passing each other on the streets frequently without either recognizing the other.

Mrs. Frank Redmond, the mother, always thought that Mrs. Blanch Lewis resembled the Bitner family of which the mother was a member. The separation came about when Mrs. Redmond was left a widow with four children at the death of her first husband, Charles Bitner.

The present Mrs. Lewis was a tattered kid and slept snugly with her two brothers and sisters at an orphanage home. She was later adopted by Mr. and Mrs. Enoch Sinks of Idaho.

Searching for her exact age and identity, Mrs. Lewis went to Tipton, Dr. W. D. Huron, who attended the family, was out of the office and she left a message with a secretary.

She was brought into communication with Elmer Bitner, an uncle, and was given her mother's address, a short distance from her own home.

AMUSEMENTS

At The Mystic Today Only.

Charles Jones in a William Fox picture, "Rough Shod" will be seen today only at the Mystic, and the picture was adapted from a story by Charles Selzer, popular author of Western adventure tales.

It deals with ranch life in Arizona; its villainy embraces both the polished and the rough, and its love romance is of the most wholesome sort. Its heroine is a very charming young business woman—owner of a ranch—and the hero (Charles Jones) is her foreman a chap of steady nerve and abundant courage both moral and physical.

The story is well stocked with exciting incident—including a fight to the death under water—and an unusual feature is that there are two female roles of practically equal distinction; one played by Helen Ferguson, the leading woman, the other by Ruth Renicks. The popular Maurice Flynn also is in the cast.

The star's work throughout is admirable, and the staging most attractive. It is a picture of powerful appeal to all lovers of rapid fire action on the screen.

HOUSE WILL TAKE 3-DAY RECESSES

This Plan Agreed on After President Harding Accepts Suggestion to Delay Subsidy Bill

POLITICS TO HUM SHORTLY

Bulk of Members May Go To Their Districts to Remain Until Senate Passes Tariff Bill

By LAURENCE M. BENDICT
(U. P. Staff Correspondent)

Washington, June 21—A series of three day recesses starting by July 1 and continuing until the senate finally disposes of the tariff bill, was planned by house members today, following President Harding's acceptance of the plan to postpone action on the ship subsidy bill for a month.

If everything goes smoothly and the house is able to get away as soon as expected, politics will start to hum shortly all over the country. The main reason the 435 house members are eager to recess is so they will have an opportunity to get back to their congressional districts and begin mending their political fences.

Under the three day recess plan, a few house members—those who live close by—would have to meet in the house every third day and move another recess. The bulk of the members could leave Washington for their homes, not to return until the tariff bill was ready to be sent to conference between the house and senate.

Only three or four pieces of important general legislation still require action by the lower branch before it can take a vacation to wait for the senate to catch up.

Advocates of prompt action on the Ford offer for Muscle Shoals threaten trouble when the motion for a series of three days recesses comes up, but it is reported their ardor is somewhat dampened since a report filed yesterday by five members of the military affairs committee revealed that there is more serious opposition to the Ford bid than had been counted on.

There were signs today to the effect that few house members are taking kindly to the administration request that they spend a part of the recess period "selling" the ship subsidy bill to the people of their districts.

It was pointed out that at the White House yesterday it was stated that the shipping measure "must be considered" and some congressmen construed this to mean the bill must be whipped into such shape at this session that it will be certain to receive final action before congress adjourns for the summer.

An intensive publicity campaign to arouse the country wide sentiment in favor of the ship subsidy, with Chairman Lasker of the shipping board directing it, is expected to be started shortly as the result of the postponement of house action on the subsidy legislation.

WISE WOMEN

A famous medical man of ancient times states regarding his writings that they were but a collection of knowledge obtained from the "Wise Women."

Do you realize that in those times the women, and not the men, knew about the healing properties of medicinal plants, roots and herbs? From the earliest times, women had a knowledge of the treatment of disease and of the healing merit of roots and herbs.

Lydia E. Pinkham's Vegetable Compound was originated by a woman, Lydia E. Pinkham, and is now known and praised by women of all ages. It is prepared from roots and herbs having medicinal action of great value in the treatment of troubles women so often have.

COULDN'T PULL HIS SAW ON A STRAIGHT LINE

Carpenter Was Forced to Quit Work For Several Weeks Because of His Troubles — Tanlac Again Proves Merit.

"Before I took Tanlac I simply could not saw a straight line, was so weak and nervous," said W. F. Nemeyer, well-known carpenter of 451 N. 9th St., Terre Haute, Ind.

"For several years I was bothered with my kidneys and awful pains in my back, and got so nervous I hardly knew what to do. I couldn't do my work well and finally had to give it up and lose several weeks. My appetite was very poor and I lost weight rapidly. For the last year I was so bad off I never got a good night's sleep.

"The results I got from Tanlac are wonderful to say the least. My appetite came back, I gained a lot of weight, and can do as much work as ever. I actually feel ten years younger and stronger. Yes, sir, Tanlac is simply great."

Tanlac is sold by all good druggists.—Advertisement.

WHEN you look at a 30 x 3 1/2 USCO at \$10.90 think back for a minute as far as you can remember USCO.

The truth is that men have always found USCO an outstanding money's worth no matter what its price.

Today at \$10.90 USCO maintains its established standard of quality.

And because of the new price, it sets a new index of tire value.

Men who have used USCO have never been inclined to measure its value by the general run of tires.

Why Buick Cushions "Ride Easy"

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plaited leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.

FOUR CAUSES OF CRIME ARE CITED

Police Chiefs in Convention, Blame Ignorance, Poverty, Prohibition And Poor Homes

FEW SCATTERING ANSWERS

"After the War" Reaction, Dope, Women, Unemployment and "Just Pure Laziness"

By M. D. TRACY (U. P. Staff Correspondent) San Francisco, June 21.—Ignorance, poverty, prohibition and poor homes—those four things which are found in the American scheme of society were blamed today as the causes of crime.

Eighteen police chiefs attending the International Police Chief's Association convention here were interested in causes of crime.

Lack of education or ignorance was the answer given by four.

Three blamed poor training and poor homes.

Three blamed prohibition.

Two placed the responsibility at the door of poverty.

Two others blamed "after the war" reaction.

Dope, women and unemployment received one vote each and one more went to "just pure laziness."

"Children should be kept in school until they are at least 18 years old," declared N. A. Boyd, public safety commissioner of Binghamton, N. Y.

"Lack of education and improper training during the years of youth are the things which people our jails," commented Chief J. M. Broughton, of Portsmouth, Va.

"Our criminals come from homes where they are surrounded always by ignorance," he said.

H. G. Ferguson, of Denver placed women in the list. "Wine, women and song," make criminals, he said. "Women are the most to blame."

Those who blamed prohibition were inclined to specify that lack of proper enforcement or inability to enforce it properly was the element which made it a cause of crime.

"Prohibition causes crime because it fails to prohibit," said Chief W. A. Renkin, of Denver's detective department. "The bootleg sets them crazy where the other didn't."

CHARGES "PROTEST" PICTURE WAS BOUGHT

American Legion National Headquarters Issues Statement Regarding Fight on Bonus

CHARGES BASED ON LETTER

(By United Press)

Indianapolis Ind., June 21.—Charges that "certain financiers corralled a few disabled veterans recently, brought them up before President Harding, for which they were probably well paid, and had their pictures taken" as a protest against a soldier bonus, were made public by the American Legion national headquarters here today.

Fighters in the World War who are suffering from wounds or disability have entered a protest against use of their names to fight the bonus, it was announced.

The charges were based upon a letter from Robert M. Smyth of Cincinnati, national staff representative of the Disabled American Veterans. Smyth quoted his organization's magazine to the effect that a bonus would not interfere with government care of disabled veterans.

SAYS WEEKS SHOULD QUIT

Sen. Capper, Kansas, Criticizes Secretary of War For Speech

(By United Press)

Topeka, Kansas, June 21.—Secretary of War Weeks should resign, Senator Capper, Republican, Kansas, declared in a statement in today's issue of his Topeka Daily Capital.

Capper declared that Weeks in his recent commencement day address before Western Reserve university, Ohio, out-Bolsheviked the Bolsheviks in condemning popular government by an alleged attack on the primary and prohibition laws. Declaring Weeks a "moss back" and an "anachronism," the Kansas senator asserted the secretary is "still in the nineteenth century" and that "his seems to be a case of arrested political development."

JEWEL ROBBER SENT TO PRISON

William Moore, colored, Found
Guilty by Jury of Burglarizing
Poe's Jewelry Store

GIVEN TEN TO TWENTY YEARS

Circuit Court Jury Reports at 11:15
This Morning After Taking
Only One Ballot

NO DEFENSE MADE FOR MOORE

Defendant Did Not Take Witness
Stand and Attorney Made no
Argument in His Behalf

William Moore, colored, whose age
is a little over 30, was found guilty
this morning in the circuit court of
burglarizing the Wm. B. Poe and Son
jewelry store here, and was sentenced
by Judge Sparks to the state
prison for not less than 10, nor more
than 20 years.

The jury which heard the case re-
quired only one ballot to find him
guilty, and they reported at 11:15,
after the state had finished with one
argument, and the defense rested
without arguing the case.

After the jury reported that they
had found him guilty, Judge Sparks
immediately passed the sentence on
him, and commitment papers were
being made out today for him to be-
gin at once to serve the sentence.

The evidence was quickly intro-
duced this morning and when the
state finished at 10:30, the defense
replied that they would not intro-
duce any witnesses. A jury was soon
obtained after court opened and no
delay was had in getting the case
under way.

The defense was represented by
Attorney Metsker of Cambridge City
and the state was represented by Al-
bert Stevens, prosecuting attorney.

The jury which was selected to
try the case was composed of Joel
Carson, L. B. Miller, Alvan Moor,
Will Inlow, Ollie Offutt, A. L. Can-
ady, Job Stevens, Jess Logan, Ben
F. Reeve, Oliver Megee, Jake Rick-
etts and Ed Walker.

Jesse Poe, one of the owners of
the jewelry store which was entered
here on the morning of June 2, when
the large plate glass window was
broken, told the jury that he recov-
ered two wrist watches and eight
rings in Indianapolis, through the
efforts of the police of that city.

He stated that the colored man,
who was held on suspicion refused
to admit the theft to the police,
and when standing in front of the
police station in Indianapolis, he
remarked to Mr. Poe that "Yes, Sah,
I got only two watches, and if there
were three taken, someone else must
have got it."

County Disbursements During Last
Calendar Year Amounted to
\$1,465,902.30

A report of the examination of the
office of Phil Wilk, county auditor,
by field examiners sent out by the
state board, has been received here
and shows that all of the funds in
the auditor's office are kept ac-
curately and are all in balance.

The office was examined last month
by Ed Major and F. L. Crow, field
examiners, who reported that all
forms and books prescribed by the
state department were being used,
that all records are in balance, that
all forms and records are properly
kept and that all balances are cor-
rect.

Some idea of the work in connec-
tion with the auditor's office may be
obtained when it is understood that
the records account for the handling
of \$1,571,685.33, which is the total
of all county funds received and dis-
bursed during the year 1921. The
reports cover the period from Janu-
ary 1, 1921, to December 31, 1921.

At the beginning of last year there
was a balance of \$100,976.52 in all
funds and receipts during the year
amounted to \$1,470,708.81, making
a total of \$1,571,685.33. Disburse-
ments amounted to \$1,465,902.30,
which left a balance at the end of
the year of \$105,783.03. Overdrafts
totaled \$1,798.76, leaving a net bal-
ance of \$99,177.76.

Balances left in the various funds
at the end of the year were as fol-
lows:

SEES WETS MAKING FIGHT OF THEIR LIVES

Bishop Thomas Nicholson, President
of Anti-Saloon League of
America, is Quoted

BUSINESS FOR PROHIBITION

Indianapolis, Ind., June 21.—"The
wets are making the fight of their
lives at the present times," declared
Thomas Nicholson of Chicago presi-
dent of the Anti-saloon League of
America upon his arrival here today
for the convention of all Methodist
Episcopal ministers in the United
States.

"A great deal of pernicious pro-
paganda is going on but the prohi-
bition cause is stronger today in
this country than ever before."

The league is conducting a survey
of prohibition conditions, city by
city and section by section. "More
than 98 percent of 1,000 business
men have reaffirmed their standpat
position for prohibition," Bishop
Nicholson said. "The problem is to
get the facts before the people,
facts that speak for themselves."

Many important questions will be
discussed by the bishops.

COUNCIL VOTES TO OPEN WILLOW

Acts Favorably on Petition of Dr.
P. H. Chadwick to Continue
Street Through to Tenth

GARBAGE CONTRACT TO EXPIRE

Supt. A. T. Mahin of Water and
Light Plant Reports Large
Supply of Coal in The Bins

The city council held a brief ses-
sion Tuesday night, when only the
routine of business was transacted
as Mayor Walter Thomas is taking
his vacation at the lakes, and no
new business was scheduled to come
before the councilmen.

O. C. Brann, councilman, acted as
chairman for the meeting during the
absence of Mayor Thomas. A peti-
tion was acted upon favorably as
presented by Dr. P. H. Chadwick of
North Willow street, who asked that
the street be opened north from the
Pennsylvania railroad to Tenth
street.

The street committee was given
authority to investigate the proposed
improvement and report at the next
meeting, together with the matter of
procedure.

Willow street comes to a dead end
at the place where the railroad
crosses it, between Ninth and Tenth
streets, and also in front of the re-
sidence of Dr. Chadwick. The peti-
tioner on several occasions has pre-
sented a similar request only to
have the council become involved in
trouble over the matter of crossing
the vacant land to the north. Dr.
Chadwick stated last night that he
had since purchased the lot, and
that there would be no one to re-
monstrate against the improvement
being made.

The collection of garbage by the
city, which is awarded on a contract
will expire July 24, and the council
decided to advertise for bids, chang-
ing the wording of the contract to
read for a year or more, instead of
one year. Rex. Innis is now the gar-
bage collector, having been the suc-
cessful bidder last year.

A. T. Mahin, superintendent of
the water and light plant, stated that
in view of the threatening railroad
strike, that the city had a good sup-
ply of coal on hands, and that the
bins now contained enough fuel to
last between 75 and 80 days, and
that there were several cars yet to
arrive before the strike is scheduled
to take place.

The board of health will be re-
quested by the council to rigidly en-
force an ordinance passed a few
years ago regarding venereal dis-
eases. Considerable complaint has
been registered about a family of
several people residing in one house,
all of whom are said to be suffering
from syphilis and endangering the
health of the community.

FIGHT CARRIED TO FLOOR OF THE SENATE

Lafollette Says He Will Introduce
Amendment to Curb Power of
Supreme Court.

ASSUMES LEGISLATIVE POWER

Washington, June 21.—A fight
against the supreme court of the
United States was carried to the
floor of senate today when Senator
Lafollette of Wisconsin reiterated
his attack on that body and an-
nounced his intention of introducing
an amendment to the constitution
which would curb its present pow-
ers.

The supreme court has assumed
legislative power over congress and
violated its judicial privileges, La-
follette declared in his speech.

"I will shortly present an amend-
ment to the constitution of the Uni-
ted States demanding that congress
protect the people against the action
of the supreme court."

"Three present justices have stat-
ed in their decision that they were
violating the constitution of the
United States in assuming legislative
power."

With Bigamy in New York and
Embezzlement in Indianapolis

CAUGHT AT LOS ANGELES

Indianapolis Woman is Listed as
One of His Wives—Cross
Continent Search Ends

Indianapolis, June 21.—Rev. Don-
ald D. Stewart, Presbyterian min-
ister, charged in New York with
having five wives and facing an em-
bezzlement charge here, was arrest-
ed in Los Angeles, according to a
message received here today.

His arrest needed a cross contin-
ent search by the Pinkerton detec-
tive agency on behalf of the Aetna
Savings and Trust Company of In-
dianapolis, from which Stewart is
charged with embezzling \$1,250.

The Pinkerton agency said Ste-
wart was indicted in New York for
having four wives without divorce
and one who is divorced. They said
also that Mrs. Maude Hendricks of
Hayward, Calif., committed suicide
because Stewart wouldn't marry her.

The other wives listed by the de-
tectives under the New York indict-
ment follows:

Bertha Ellen Grannis, Indiana-
polis.

Ethel M. Turner of Osbaldeston,
N. Y.

Mary Mitchell, Wilmington, Del.

Norina Elmseller of Boston.

A divorced wife living at Dundee
Lake, N. J., having three children.

Los Angeles, June 21.—Rev. Dr.
Donald Stewart, reformer and tem-
perance advocate, was under arrest
here today charged with having mar-
ried various women in several states
and with defrauding them of their
property and savings.

He was arrested at Sierra Madre,
near here last night.

With Stewart at the time of his
arrest, was Mrs. Ethel Turner, Os-
baldeston, whom detectives claimed
posed as his sister and assisted him
in his matrimonial designs. She was
also arrested.

Stewart who was said to have
been ordained as a minister in Pitts-
burgh, Scotland, was wanted in
Boston in a bigamy charge, it was
stated. There are also said to be
charges against him under various
aliases in Indianapolis, New York
and Detroit.

Recently under the name of
Browne he is said to have been ar-
rested in connection with the sui-

THREE BANK OFFICERS GIVEN 3 YEARS EACH

Ben S. and George W. Applegate and
Wilson E. Cook of Corydon
Sentenced by Judge Anderson

TWO OF THEM PLEAD GUILTY

(By United Press)

Indianapolis, Ind., June 21.—Sen-
tences of three years each were im-
posed upon three officials of the de-
funct Corydon National bank, con-
victed of violating the federal bank-
ing laws, by Judge Anderson in the
United States district court here to-
day.

George W. Applegate, Ben C. Ap-
legate and Wilson E. Cook were
convicted of misappropriating funds
entrusted to the bank.

George Applegate was found guilty
by a jury and subsequently the
other two pleaded guilty. All three
asked permission to return to their
home to arrange their business af-
fairs before leaving for the federal
prison at Atlanta.

They were given until July 3 and
were released under \$20,000 bonds
each. George Applegate embezzled
the interest on a deposit of Leander
Bottles, a farmer. Ben Applegate
raised a \$5,000 note to \$18,000 and
received a note for \$5,000 from
James A. Noah, of Louisville, who
was an insolvent. Cook made a
false entry of a \$500 note and
forged the name of the company to
it.

HACKED TO DEATH BY GIRL'S FATHER

Thomas Meighan Killed For Alleged
Attack on Sabalino Szardonano's
Young Daughter

MURDERER GIVES HIMSELF UP

(By United Press)
New York, June 21.—Trapped in a cellar by Sabalino Szardonano, whose seven-year-old daughter Lillian, he was accused of attacking, Thomas Meighan, 62, was hacked to death by the furious father.

Meighan put up a terrific battle for his life but was horribly mutilated by Szardonano, who confessed, saying simply, "it was my duty." I had to defend my family's name."

The little girl was criminally assaulted two weeks ago. She refused to tell her assailant's name and Meighan, a janitor, was not suspected.

Szardonano walked into the police headquarters today and gave himself up, saying he had killed Meighan with a hatchet and that the body would be found in the cellar. He declared he had gone to the cellar after neighbors had told him the janitor had been seen taking Lillian there.

COUNCIL VOTES TO OPEN WILLOW

Continued from Page One
On account of the seriousness of the stage of disease which these people have, the council will request that the health board place a quarantine on the house, and compel all members to remain inside and keep visitors away.

It was stated at the meeting that there are frequent visitors at the house, and that the members are permitted to roam at large on the streets, and that many innocent people may become afflicted unless proper precautions are used.

If a quarantine fails to work, the health officer may be compelled to place them under a guard and in a locked house.

PLANS FOR SUMMER OUTING FINISHED

Knox County Horticultural Society
to Entertain State Society For
Summer Meeting Aug. 8-10

COUNTY TOUR IS A FEATURE

Entire Two Days Will be Devoted to
Sight Seeing With Short Talks
At the Noon Hour

Arrangements for the summer outing of the Indiana Horticultural Society are being rapidly completed.

At the invitation of the Knox County Horticultural Society the state society will hold its summer meeting at Vincennes, August 8-9-10. A feature of this meeting will be a tour of the county visiting the principal orchard and melon sections and places of historic interest. It is planned to start this trip early the morning of the ninth and in order that there may be no delay members will be expected to reach Vincennes the evening before.

The entire two days will be devoted to sight seeing, with short talks at the noon hour. Luncheon will be served at a convention point on the trip each day. On the evening of the ninth the meeting will again be held in Vincennes.

Leaders in horticultural science will be on the program and the meeting will attract many from Kentucky, Illinois and other states.

Knox County has been making rapid strides in its horticultural development in recent years and there are many fine young orchards of apple and peach to be seen which have had scientific care and the county's bearing orchards have made a nation wide reputation for production and quality. Melons, tomatoes and sweet potatoes are also grown largely there and visitors will find many surprises awaiting them.

The city of Vincennes, the oldest settlement in the interior of the continent, has many points of historic interest which will be visited.

TRIP TO LOOK AFTER FRENCH WAR ORPHANS

Harry G. Strickland Of Greenfield
And L. P. Newby Of Knightstown
To Sail June 27

IN BEHALF OF THE MASONS

Greenfield, Ind., June 21.—Harry G. Strickland, of this city and L. P. Newby of Knightstown will sail June 27 for France in behalf of the Knights Templars of the United States to renew contracts for the support and education of 500 orphans of French soldiers of the world war. Along with numerous other orders, churches and schools which took part in this work during and at the close of the war, the Knights Templars of the United States "adopted" 500 orphans, and Mr. Newby was sent to France to make the necessary arrangements. The contracts for this work are now about to expire and it is necessary to renew them or make new ones. Mr. Newby was recently elected to the head of the order in America, and Mr. Strickland is a past commander of Indiana Knights Templars.

JEWEL ROBBER SENT TO PRISON

Continued from Page One
Moore entered the pawn office about 9 o'clock in the morning on June 2, and offered to sell them two wrist watches and agreed to take \$10.00 for them.

He stated that he made out the record and that Moore refused to accept pawn tickets, and that he gave his name as T. Buck, and his residence as Chicago.

As he was leaving the pawn shop, two members of the Indianapolis police department halted him, and placed him under arrest on suspicion, as he answered the description of a colored man who was wanted at Hoopeston, Ill.

This was on Friday and after he had been held in jail until Tuesday the local police learned that such a man was in jail there and he was arrested and brought here.

Jesse McMurphy and Henry McGlen, the two police officers who arrested him, were here and testified. They stated that Moore told them that he had just arrived from Chicago, and that the watches had been given to him in that city.

It is understood that the pawn brokers offices in Indianapolis had been old to notify the police in case of the appearance of anyone answering the description of the colored man wanted by the Illinois city.

William Denny, night policeman for the merchants, told the jury of the happenings on the morning that the robbery took place here, and stated that the colored man closely resembled the one he had seen, but because of the darkness, the officer could not positively identify him.

He stated that there was a freight train passing through here at the time, and that it was enroute to Indianapolis. Other witnesses were Sheriff Hunt and Patrolman Lakin, who were present when Moore appeared before the grand jury.

The prisoner appeared in the court room dressed in overalls, and all of the witnesses asserted that his clothing resembled the kind worn by the man as described by the night policeman. He was handcuffed as he sat in the court room hearing his case.

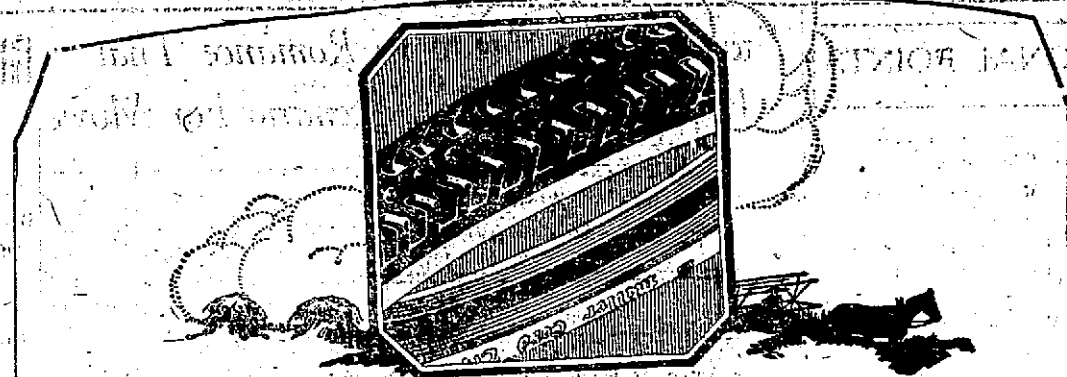

After the state finished, the attorney for Moore stated that they did not have any witnesses and the defendant did not take the stand. The arguments began and were completed at noon.

The nation-wide success of Miller Tires is due to the basic policy back of the building of these tires. Ten years ago we made up our minds to build the best tire that could be built. We have never changed this policy. We continually test Miller Tires and make them prove that they will give more dollar for dollar tire value before they are sold to you.

That is why the Miller Rubber Company has grown from thirty-second place to a leader in the industry. That is why motorists prefer to buy Miller Tires—they know they will get the most mileage at the lowest cost.

Two Couples Figure In Romance That Would Make Good Scenario For Movie

Two College Girls at Western, Oxford, O., Were Married Under Several Handicaps in February to Students at Indiana and Purdue, and Marriage Leaked Out at Commencement Exercises. One Wife Acted as Fiancee in Obtaining License For Her Friend, Who Was Enroute to Get Married.

Columbus, Ind., June 21.—A story of romance that succeeded in overcoming apparently insurmountable obstacles was unfolded here today with the announcement of the marriage, on February 11, of Miss Anita Williams, prominent social butterfly and college girl, to Joseph Springer, son of a wealthy family and a sophomore at Indiana university.

The tale of how this couple planned their marriage, accomplished it, and kept it a secret for more than four months is one that would put the best efforts of a scenario writer and authors to shame. At the time of their marriage, Springer was a student at Indiana university and his fiancée was a senior at Western College for Women, at Oxford, O.

Having met in high school, when Miss Williams was a senior and her future husband a junior, the friendship waxed to love. Last winter, Springer proposed. Miss Williams said "yes." He didn't have enough money left from his allowance to buy an engagement ring, and so he sold a high powered automobile.

Along about February 7, Springer decided that he would like to be married without further delay. He wrote his fiancée a letter. She talked it over with her room-mate, Isabella Wiley, of Seymour, Ind., who was engaged to Jay Greer, then a student at Purdue university. It was decided that on February 11 the two girls would meet the two boys in

Indianapolis for a double wedding. Miss Wiley departed for Indianapolis without Miss Williams, who was forced to attend a class that could not be "cut"—even for her own wedding. They had no knowledge of the marriage laws.

Springer believed he could talk the Marion county clerk into issuing a license without his bride being present. The clerk refused. Greer and Miss Wiley, however, obtained their license and were wed.

Springer was desperate. His fiancée was on a railway train speeding toward Indianapolis, but would arrive too late to obtain the necessary papers. He put through a long distance call to Danville, Ind., in Hendricks county. The county clerk said that he would hold his office open until 6 p. m., "but not one minute longer."

Miss Williams couldn't get to Danville on time. Greer was left behind, while Springer and the new Mrs. Greer grabbed the next train and obtained the license at Danville just as the clerk was closing his office. She posed as Springer's fiancée and answered all questions.

Meanwhile, Miss Williams was met at the Indianapolis station by Greer. They were to buy the Williams-Springer wedding ring, but they were broke. Springer had forgotten to leave the money behind in his rush for the train.

An expensive wrist watch was slipped from Miss Williams' arm and "soaked" in a pawn shop. The wedding ring was purchased. Miss Williams rushed to Danville where the wedding ceremony was performed. Enroute, she passed Mrs. Greer returning here to rejoin her husband.

After a honeymoon over Sunday, spent in Indianapolis, the couples parted and went back to school. The boys lacked money for week-end trips to Oxford. The girls, too, were "broke."

At the Oxford commencement, Springer saw his wife receive a diploma and the secret was divulged to her parents. The couple then went to Elizabethtown to visit Springer's parents and tell them of the marriage. But their nerve failed, and they left that night for Indianapolis. Each wrote a letter back to Elizabethtown, and thus the romance ended.

WORK OLD BABYCHICK GAME

Eastern Confidence Men Obtain \$30,000 From Lafayette Victims.

Lafayette, Ind., June 21.—An eastern hatchery set on a golden egg in western Indiana and hatched \$30,000 in working the old baby chick game on farmers and poultry raisers, postal agents revealed today.

The victims are waiting while the agents try to find the proprietors of the King Hatchery Company, 1400 East Twelfth street, Cleveland.

Advertisements flooded this part of the state, guaranteeing safe delivery of 97 percent of the order and asking cash with all orders, specifying that they must be received before April 18. The orders were sent and so was the cash. No chicks were received.

500 PERSONS MAROONED

Flood Waters Of Rio Grande Sweep Towards Gulf

Laredo, Texas, June 21.—Flood waters in the Rio Grande swept toward larger towns near the gulf today after marooning 500 persons and doing \$500,000 damage in the upper valley.

Army aviators dropped bags of food to farmers and ranchmen marooned in the vast reaches of Hidalgo, Cameron and other counties.

More extensive damage from the floods is feared in the lower valley which contains great truck and semi-tropical fruit farms.

Nature's Wonderful Power.

Beside the moist clouds the slender flags arise filled with the sweetness of the earth. Out of the darkness under—that darkness which knows no day save when the plowshare opens its chinks—they have come to the light. Yonder a steam-plow pants up the hill, growning with its own strength, yet all that strength and might of wheels, and piston, and chains, cannot drag from the earth one single blade like these. Force cannot make it; it must grow—an easy word to speak or write, in fact full of potency.—Richard Jefferies, in "Out of Doors."

GLAND OPERATION RESTORED YOUTH

Convict, Age 75, in San Quentin Prison, Who Underwent Gland Transplanting, is Now Healthy

USED TO BE FEEBLE AND SICK

By M. D. TRACY

San Quentin Penitentiary, Cal. June 21.—If gland transplanting operations will do for a millionaire what they believe done for a convict, then Harrold F. McCormick, wealthy, Chicagoan reported to have undergone such an operation, may have long life and youthful vigor ahead of him for years to come.

"Mr. X" aged 75, serving life sentence in penitentiary here for murder ran down two flights of stairs, approached with the vigorous, quick step of youth and told today the story of what implanting of glands from the body of a man who was hanged for murder, had done for him.

Dr. L. L. Stanley, prison surgeon, who since 1918 performed gland operations on prisoners, here, confirmed the statements of Mr. X, whose name for ethical reasons, must not be given to the public.

"Before I underwent the operation about three years ago," said Mr. X in a clear, unbroken voice, "I was sick and in the hospital frequently."

"But now I am enjoying life. I would almost say that what this operation has done for me was worth my term in prison."

"I always run up and down stairs." And he always goes two steps at a time, commented Dr. Stanley.

"I like sports and amusements, just like a boy of 21. I have no more pains or aches. Even rheumatism has left me. I want to get out and enjoy myself."

"The value of the glands I received cannot be computed in dollars and cents."

Gland Operations Common

Chicago, June 21.—Purchase of human glands on a large scale, such as never realized by the general public for the rejuvenation of ageing men, was revealed here today by medical authorities.

Surgeons in many large cities have

been experimenting with transfer of glands, purchased by wealthy men from young and vigorous men who needed funds.

The operation on Harrold F. McCormick, by which the life giving glands of a young man were reported to have been grafted on the 51-year-old millionaire, has merely served to attract attention of the public to these operations which have been no secret to the medical profession for several years, one surgeon stated.

This surgeon admitted that he had conducted frequent experiments and operations in transferring purchased glands from the body of one man to another.

McCormick's steady improvement was reported today and it is believed he was about ready to leave the Wesley Memorial hospital where he has been confined for ten days.

Mathilde and Muriel McCormick spent a great deal of time with him last night and today.

A SURE GUIDE:—Commit thy way unto the Lord; trust also in Him; and He shall bring it to pass. Rest in the Lord, and wait patiently for him.—Psalm 37: 5, 7.

Street Improvement

The city council acted favorably Tuesday night on the petition of Dr. P. H. Chadwick to open up Willow street to Tenth street and thus do away with a "dead end" at the point where the Pennsylvania railroad crosses Willow, which is directly in front of the Chadwick home. Willow is the first street east of Perkins street, and beginning at Sixth street, runs north to the Pennsylvania, skips almost two blocks and then goes through the Stewart and Tompkins addition to Rushville.

Several attempts to open up Willow street have failed, but Dr. Chadwick feels certain of success now because he owns the lot through

which the street will pass if extended to Tenth street. In the past property owners have remonstrated and prevented the extension of the street.

The council left the matter of extension to a committee which will report on the project. The committee would do well to bring in a report recommending an extension to Eleventh street and thus make Willow street extend from Sixth street to the north corporation line. The extension of the street to Tenth will be of great advantage, but it would be of much greater service if it were built all the way through which would make unnecessary the doubling back that it required to go from

Tenth to Eleventh streets, east of Perkins.

The present city council has shown a disposition to pay some attention to the streets, and if councilmen wish to continue their program, they could do nothing better than extend Willow street on through to Eleventh.

The tearing up and leveling of unimproved streets in Rushville, which has been followed up with oiling, has been a great improvement and something for which the council has been congratulated on many occasions. Here's another opportunity to keep up the good work.

THE CEMETERY

GOD'S ACRE

Many organizations both general and local, are urging the importance of beautiful cemeteries. Rush county has many beautiful cemeteries which are the fruit of years of toil on the part of the officers and lot owners of these picturesque places. You can assist in this noble and refined work. Visit your cemetery often, see that your lot is well kept; if you are not a lot owner secure a lot and by co-operation help make these beautiful places more attractive for all time to come.

TENNIS CHAMPION WILL SAY NOTHING

Mrs. Molla Mallory U. S. Champion
Has Relapsed Into Fighter's
Silence On Eve Of Battle

IN LONDON FOR MATCH

By CHARLES M. MCCANN
(U. P. Staff Correspondent)

London, June 21 —With a wait and see attitude, Mrs. Molla Mallory, the American tennis champion, has relapsed into a fighter's grim silence on the eve of a battle.

Although all London is talking about the prospects of a Lenglen-Mallory duel in the British championships next week, Mrs. Mallory is saying nothing to give the gossips food for talk because she has been instructed to keep silence.

"I have received instructions from America to smile sweetly and say nothing," Mrs. Mallory told the United Press today. "I can't smile sweetly but I can refrain from talking."

The American woman refused to affirm or deny that the instructions came from the United States Lawn Tennis Association but this is thought unlikely as she made the trip over "on her own record" and is not officially the representative of the United States association. She only laughed when asked if her husband had ordered her to do her fighting on the courts.

The Score Board

Yesterday's hero — Sam Rice, stretched a single into a double in the thirteenth inning, starting a rally that gave the Senators three runs and a 9 to 6 victory over the White Sox.

George Burns hit two homers over the fence but they weren't enough for the Red Sox and the Tigers won their eighth consecutive game 9 to 8. With Babe Ruth out of their line up, the Yanks came out of the slump and won their first victory in nine games, beating the Indians, 6 to 5.

Kenneth Williams hit his 18th homer after Sisler had tripled, and helped the Browns win from the Athletics, 7 to 3.

Hanser hit one for the A's. Singles by Caveney, Pinelli and Daubert and a sacrifice fly by Burns gave the Reds a pair of runs in the fifth and a 2 to 0 victory over the Braves. Couch let Boston down with two hits.

DENIES HE INTENDED TO ATTACK THE UMPIRE

Babe Ruth Says He Had No Idea Of
Striking Dineen, But It Has
Earmarks Of Encounter

INCIDENT IN MONDAY'S GAME

Cleveland, Ohio, June 21 —Babe Ruth today denied that he intended to attack Umpire Dineen yesterday at Dund field as a result of his suspension following his run-in with the umpire during Monday's game.

"I wasn't going to hit him," Ruth said today. "There was no danger of a fight at all. We were just talking it over."

When asked why manager Speaker and Staffy McInnis and other members of the Cleveland team intervened, Ruth said:

"We were talking loud. I guess there seemed to be a misunderstanding regarding Monday's incident and both of us were trying to get it straightened out."

The affair yesterday had every earmark of a physical encounter.

BABE DEFENDS SELF LIKE PRIMITIVE MAN

Aroused By Notion That Everyone
Is Against Him, Home Run King
Is Following False Gods.

WILL SWING AT ANYTHING

By HENRY L. FARRELL

New York, June 21 —Tottering on his throne, Babe Ruth, once the great home run king, is defending himself in the primitive ways of a cave man.

His wrath aroused apparently by the notion that everyone is against him, the Babe is following the inclination to wipe out those who stand between him and his former glory.

Knowing that the five weeks suspension imposed by Commissioner Landis at the start of the season would prevent him from breaking his 1921 record, Ruth had only the solace of being the home run king of the year. With Kenneth Williams the Brown star, making it almost impossible for him to do that, he became frantic.

American League pitchers have been making a "sucker" out of him, not so much that they have found his weakness, but because he was swinging at anything in the mad desire to kill the ball. The more he missed bad balls the more he swung at them.

New York is off the swat king now and the impression prevails here that he is through.

White and yellow, the colors chosen by the bride for her wedding, were used in the decorations. Artistic place cards designed in the color scheme contained rhymes forecasting the bride's future. Following the delicious three course dinner, music and dancing furnished the amusement for the remainder of the evening. The gift from the bridesmaids was a silver casserole. Runaway Flapper Marriages Black-Listed By Club Women

Drive for Reform of Divorce and Marriage Laws Started at Convention of the Federation of Women's Clubs Opening at Chautauqua, N. Y.

By CARL VICTOR LITTLE

Chautauqua, N. Y.—June 21.—Runaway flapper marriages are marked for death by representatives of two million American women assembled here at the convention of the Federation of Women's Clubs.

Launching a drive for reform of divorce and marriage laws the convention leaders advocate:

1—Repeal of all state marriage and divorce statutes.

2—Passage of a federal law, general in its application.

This movement was started after futile efforts to induce various states to pass uniform laws were made.

Mrs. Genevieve Parkhurst, writer on women's subjects, is here representing supporters of the movement.

The proposed law which will be presented to congress for action contains the following provisions:

No girl under 18 or boy under 21 can marry without their parents' consent or that of their guardian. Bans announcing the intended

marriage must be published two weeks before the ceremony.

Physicians' certificates as to the mental and physical fitness of both parties to the marriage must be shown when the license is issued.

Divorcees are to be allowed for physical or mental cruelty, desertion for a period of one year or more, proved infidelity and habitual drunkenness.

Divorce cases could be heard behind closed doors and the testimony never made public.

The mother would always be given the custody of the children unless proved unfit to take care of them.

"No two states have the same marriage and divorce laws," says Mrs. Parkhurst. "Some states do not even forbid the marriage of deficients. People who are married in one state are not legally united in another. The proportion of divorcees is greater in America than any other nation in the world."

Various departments of the federation, such as Americanism, community service, child welfare and education, met this morning.

The convention will be formally opened tonight with an address by Mrs. Thomas Winter, Minneapolis.

Fifteen hundred delegates, representing 50,000 clubs in the country are in attendance.

TWO WOMEN SOUGHT IN THE WARD MYSTERY

Frequenters of New York Apartment May Be Able To Throw Light On Blackmail Case

GRAND JURY BEGINS PROBE

New York, June 21.—Search for a red haired woman and a black-haired woman, said to have been frequenters of a mysterious apartment maintained by Walter S. Ward in New York last summer, was started by police today as the grand jury met in White Plains to dig deeper into the strange Ward blackmailing-killing case.

The hunt for the woman was launched after a private detective had obtained alleged evidence that Ward rented an apartment in uptown Manhattan when his wife went away to the country last July and that, according to statements of house employees, he had an almost continuous stream of women visitors the red and black haired women were the most conspicuous.

Police are working on the theory that the blackmail gang which Ward said bled him of \$75,000 got its clutches on him during the three months that he maintained this apartment.

The grand jury at White Plains today will also look into the charges that the Ward family has been holding back evidence which would tend to throw light on the blackmail facts.

Reunited After Living Near Each Other In Kokomo

Mrs. Frank Redmond, Mother, Often Thought Mrs. Blanch Lewis Resembled First Husband's Family, But Never Realized She Was Her Daughter.

(By United Press)

Kokomo, Ind., June 21.—A mother and a daughter, separated for thirteen years, were reunited Tuesday after living a few blocks apart in Kokomo and passing each other on the streets frequently without either recognizing the other.

Mrs. Frank Redmond, the mother, always thought that Mrs. Blanch Lewis resembled the Bitner family of which the mother was a member. The separation came about when Mrs. Redmond was left a widow with four children at the death of her first husband, Charles Bitner.

The present Mrs. Lewis was a tazelid kid and slept snugly with her two brothers and sisters at an orphan home. She was later adopted by Mr. and Mrs. Enoch Sinks of Idaville.

Searching for her exact age and identity, Mrs. Lewis went to Tipton. Dr. W. D. Huron, who attended the family, was out of the office and she left a message with a secretary.

She was brought into communication with Elmer Bitner, an uncle, and was given her mother's address, a short distance from her own home.

AMUSEMENTS

At The Mystic Today Only.

Charles Jones in a William Fox picture, "Rough Shod" will be seen today only at the Mystic, and the picture was adapted from a story by Charles Selzer, popular author, of Western adventure tales.

It deals with ranch life in Arizona; its villany embraces both the polished and the rough, and its love romance is of the most wholesome sort. Its heroine is a very charming young business woman—owner of a ranch—and the hero (Charles Jones) is her foreman a chap of steady nerve and abundant courage both moral and physical.

The story is well stocked with exciting incident—including a fight to the death under water—and an unusual feature is that there are two female roles of practically equal distinction; one played by Helen Ferguson, the leading woman, the other by Ruth Renicks. The popular Maurice Flynn also is in the cast.

The star work throughout is admirable, and the staging most attractive. It is a picture of powerful appeal to all lovers of rapid fire action on the screen.

HOUSE WILL TAKE 3-DAY RECESSES

This Plan Agreed on After President Harding Accepts Suggestion to Delay Subsidy Bill

POLITICS TO HUM SHORTLY

Bulk of Members May Go To Their Districts to Remain Until Senate Passes Tariff Bill

By LAURENCE M. BENDICT

(U. P. Staff Correspondent)

Washington, June 21.—A series of three day recesses starting by July 1 and continuing until the senate finally disposes of the tariff bill, was planned by house members today, following President Harding's acceptance of the plan to postpone action on the ship subsidy bill for a month.

If everything goes smoothly and the house is able to get away as soon as expected, politics will start to hum shortly all over the country. The main reason the 435 house members are eager to recess is so they will have an opportunity to get back to their congressional districts and begin mending their political forces.

Under the three day recess plan, a few house members—those who live close by—would have to meet in the house every third day and move another recess. The bulk of the members could leave Washington for their homes, not to return until the tariff bill was ready to be sent to conference between the house and senate.

Only three or four pieces of important general legislation still require action by the lower branch before it can take a vacation to wait for the senate to catch up.

Advocates of prompt action on the Ford offer for Muscle Shoals threaten trouble when the motion for a series of three day recesses comes up, but it is reported their ardor is somewhat dampened since a report filed yesterday by five members of the military affairs committee revealed that there is more serious opposition to the Ford bid than had been counted on.

There were signs today to the effect that few house members are taking kindly to the administration request that they spend a part of the recess period "selling" the ship subsidy bill to the people of their districts.

It was pointed out that at the White House yesterday it was stated that the shipping measure "must be considered" and some congressmen construed this to mean the bill must be whipped into such shape at this session that it will be certain to receive final action before congress adjourns for the summer.

An intensive publicity campaign to arouse the country wide sentiment in favor of the ship subsidy, with Chairman Lasker of the shipping board directing it, is expected to be started shortly as the result of the postponement of house action on the subsidy legislation.

WISE WOMEN

A famous medical man of ancient times states regarding his writings that they were but a collection of knowledge obtained from the "Wise Women."

Do you realize that in those times the women, and not the men, knew about the healing properties of medicinal plants, roots and herbs? From the earliest times, women had a knowledge of the treatment of disease and of the healing merit of roots and herbs.

Lydia E. Pinkham's Vegetable Compound was originated by a woman, Lydia E. Pinkham, and is now known and praised by women of all ages. It is prepared from roots and herbs having medicinal action of great value in the treatment of troubles women so often have.

Carpenter Was Forced to Quit Work For Several Weeks Because of His Troubles — Tanlac Again Proves Merit.

"Before I took Tanlac I simply could not saw a straight line, was so weak and nervous," said W. F. Nemyer, well-known carpenter of 451 N. 9th St., Terre Haute, Ind. "For several years I was bothered with my kidneys and awful pains in my back, and got so nervous I hardly knew what to do. I couldn't do my work well and finally had to give it up and lose several weeks. My appetite was very poor and I lost weight rapidly. For the last year I was so bad off I never got a good night's sleep."

"The results I got from Tanlac are wonderful to say the least. My appetite came back, I gained a lot of weight, and can do as much work as ever. I actually feel ten years younger and stronger. Yes, sir, Tanlac is simply great."

30 x 3 1/2 - \$10.90

WHEN you look at a 30 x 3 1/2 USCO at \$10.90 think back for a minute as far as you can remember USCO.

The truth is that men have always found USCO an outstanding money's worth no matter what its price.

Today at \$10.90 USCO maintains its established standard of quality.

And because of the new price, it sets a new index of tire value.

Men who have used USCO have never been inclined to measure its value by the general run of tires.

Why Buick Cushions "Ride Easy"

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plaited leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.

FOUR CAUSES OF CRIME ARE CITED

Police Chiefs in Convention, Blame Ignorance, Poverty, Prohibition And Poor Homes

FEW SCATTERING ANSWERS

"After the War" Reaction, Dope, Women, Unemployment and "Just Pure Laziness"

By M. D. TRACY (U. P. Staff Correspondent) San Francisco, June 21.—Ignorance, poverty, prohibition and poor homes—those four things which are found in the American scheme of society were blamed today as the causes of crime.

Eighteen police chiefs attending the International Police Chief's Association convention here were interested in causes of crime.

Lack of education or ignorance was the answer given by four.

Three blamed poor training and poor homes.

Three blamed prohibition.

Two placed the responsibility at the door of poverty.

Two others blamed "after the war" reaction.

Dope, women and unemployment received one vote each and one more went to "just pure laziness."

"Children should be kept in school until they are at least 18 years old," declared N. A. Boyd, public safety commissioner of Binghamton, N. Y.

"Lack of education and improper training during the years of youth are the things which people our jails," commented Chief J. M. Broughton, of Portsmouth, Va.

"Our criminals come from homes where they are surrounded always by ignorance," he said.

H. G. Ferguson, of Denver placed women in the list. "Wine, women and song," make criminals, he said.

"Women are the most to blame."

Those who blamed prohibition were inclined to specify that lack of proper enforcement or inability to enforce it properly was the element which made it a cause of crime.

"Prohibition causes crime because it fails to prohibit," said Chief W. A. Renkin, of Denver's detective department. "The bootleg sets them crazy where the other didn't."

CHARGES "PROTEST" PICTURE WAS BOUGHT

American Legion National Headquarters Issues Statement Regarding Fight on Bonus

CHARGES BASED ON LETTER

(By United Press)

Indianapolis Ind., June 21.—Charges that "certain financiers corralled a few disabled veterans recently, brought them up before President Harding, for which they were probably well paid, and had their pictures taken" as a protest against a soldier bonus, were made public by the American Legion national headquarters here today.

Fighters in the World War who are suffering from wounds or disability have entered a protest against use of their names to fight the bonus, it was announced.

The charges were based upon a letter from Robert M. Smyth of Cincinnati, national staff representative of the Disabled American Veterans. Smyth quoted his organization's magazine to the effect that a bonus would not interfere with government care of disabled veterans.

SAYS WEEKS SHOULD QUIT

Sen. Capper, Kansas, Criticizes Secretary of War For Speech

(By United Press)

Topeka, Kansas, June 21.—Secretary of War Weeks should resign, Senator Capper, Republican, Kansas, declared in a statement in today's issue of his Topeka Daily Capital.

Declaring Weeks a "moss back" and an "anachronism," the Kansas senator asserted the secretary is "still in the nineteenth century" and that "his seems to be a case of arrested political development."
